## ◆ EPISODE OF FOUNDATION FOUNDER'S THOUGHT

We are a bedding maker and wholesaler celebrating our 70th year of business this year. Our major businesses are OEM, where we manufacture and sell original brand bedding to around 30 major companies such as POLA and Panasonic. We also wholesale products to around 200 small-scale retailers nationwide. One of our important management philosophies is "coexistence and shared prosperity." We believe it is important that not only our company but our partner retailers that actually supply products to end-users are able to sell quality products with confidence and improve customer satisfaction. Most of our products undergo several processes, including measurement, tests, approval, and recommendations conducted by public entities and facilities comprising third-party organizations, before being sold. Such an uncompromising approach towards supplying quality products is our strength, which we believe has enabled us to garner customer trust and continue business for as long as 70 years. In recent years, we have worked to strengthen our product development capabilities to develop and manufacture high quality original products in an effort to become more than a wholesaler.
